

TO CALL NATION-WIDE STRIKE TODAY

TELEGRAPHERS' UNION HEAD TO CALL MEN OUT

Date Not Yet Decided
—To Support Southern Strikers

[By The Associated Press.]
WASHINGTON, June 6.—President S. J. Koenig, of the Commercial Telegraphers' Union of America, announced tonight that he would call a nation-wide strike of members of the union upon reaching Chicago tomorrow.

He said neither the date of the proposed walkout or whether it would affect both the Postal Telegraph company and the Western Union Telegraph and Cable company had been decided.

The strike, President Koenig said, would be called in support of union employees of the Western Union company in ten southeastern states who were requested by him to leave their work last night following return by order of Postmaster General Burleson of the wire system of the country to private operation. Postoffice department officials while intimating that, whereas the wire systems now were being operated by the companies the department was not directly concerned in the controversy, expressed the belief that the strike, if called, would not seriously affect communication. Western Union officials here pointed to the statement in New York today of Newcomb Carlton, president of the company, that out of 40,000 employees eligible to join the Commercial Telegraphers Union only 710 were members.

Mr. Koenig planned to leave Washington shortly after midnight for Chicago.

Leaders in congress despite the postmaster general's order returning the wires to private operation went forward with their plans for legislation for repeal of the wire control resolution.

Re-opening the hearings on the bill by Senator Kellogg, Republican of Minnesota, for repeal of the wire resolution the senate interstate commerce committee questioned M. C. Kingsbury, vice president of the American Telephone & Telegraph company as to legislation necessary to protect the hearing. Some members of the committee charged that the Postmaster general confronted by a strike issued the return order for the purpose of "passing the buck."

Mr. Burleson in a letter to Chairman Cummins of the senate committee declared that his order had been misinterpreted and that actual control of the wire systems had not passed from the department but only operation had been relinquished.

The committee at the close of its hearing agreed to amend the Kellogg bill so as to continue existing telephone toll rates in effect for ninety days after the wires are returned instead of sixty days as originally proposed. Shortly before the senate adjourned today the bill was called up and given privileged status for consideration Monday.

Statements Confict.
Atlanta, Ga., June 6.—Continuation of the telegraphers' strike in ten southeastern states was marked today by contradictory statements from Western Union Telegraph company officials and strike leaders as to its effect and extent.

Worthington, general manager of the Western Union Southern division said that less than 200 operators had left, while Charles F. Mann, representing the Atlanta Telegraphers' Union, said the number was 3,000. The Western Union continued to handle messages.

"No Need For Strike."
Springfield, Ill., June 6.—"No need for a strike now," said Charles F. Ford, brotherhood of Electrical Workers tonight in commenting upon the effect of Postmaster General Burleson's order releasing control of telegraph and telephone systems.

"There may be a few local strikes," continued Secretary Ford, "but the big strike is off. At least fifteen locals would have come to a satisfactory agreement with the company a month ago but Burleson had their hands tied. They could not act. Now the companies are free."

The electrical workers recently decided by referendum to strike because Postmaster General Burleson did not meet their demand for mediation to discuss wage increases.

Sums Up Results of Pan-American Conference

[By The Associated Press.]
WASHINGTON, June 6.—Inauguration of a new epoch in Pan-American commercial relations will date from the second Pan-American commercial conference, Director-General John Barrett, of the Pan-American Union and presiding officer of the conference declared, in summing up the achievements of the meeting at the concluding session today.

"It is one great outstanding characteristic," said Mr. Barrett, "has been the expression of the Pan-American or all-American idea and viewpoint in which the interests of Latin-America, just as much as those of the United States have been frankly considered and discussed by the most eminent and skilled authorities of both North and South America."

The applause which greeted the statement of Director-General Barrett was considered as reflecting the sentiment of the more than 750 representatives of the United States and Latin-America who have attended the five day meeting.

"If the work and results of the conference were to be summarized in the form of conclusions," said Mr. Barrett, "the following should be included:

"The immediate establishment of abundant freight, mail and passenger steamship facilities between the principal ports of the Atlantic, Gulf and Pacific Coasts of the United States on the one hand and the corresponding ports of Latin-America on the other.

"The making of every effort by both governments and individuals to develop thoro reciprocity and mutual co-operation in trading methods, regulations business ethics and general treatment of commercial relations.

"The meeting of the unavoidable and pressing final needs of the Latin-American governments and legitimate private undertakings and also the protection and enlargement of the United States-Latin-American trade. A well defined program for the protection of the patents, trademarks and copyrights of each country in all the other twenty.

"The making of the parcel post beneficial alike to the export business interests in the United States and the rank and file of the Latin-American peoples thru removal of unnecessary restrictions and regulations.

"The improvement in the administration of the consular offices.

"The undertaking without delay all over Latin-America of extensive railway and highway road construction and the establishment of fast aviation mail service.

"Better credit facilities for Latin-American buyers and the extensions of United States buying connections.

"The improvement and extension of news service, cable service and the employment of the best methods of advertising, publicity and other agencies of commercial intelligence.

"The study of Spanish and Portuguese languages, Latin-American institutions, history and geography by the people of the United States and a corresponding study of the United States by the people of Latin-America.

"A favorable attitude towards the holding of the second Pan-American financial conference in America financed by invitation of the secretary of the treasury of the United States extended to the ministers of finance of Latin-America."

INDICT MEMBER OF OHIO LEGISLATURE
COLUMBUS, Ohio, June 6.—Frank Delehanty of Cleveland, member of the Ohio legislature late today surrendered himself to the sheriff of Franklin county to answer to two indictments charging him with soliciting and offering bribes in connection with pending legislation.

One indictment charges Delehanty with soliciting a bribe of \$500 from Dr. Ruyter Skoels of Columbus for his (Delehanty's) influence in securing the passage of the non-medical practice bill.

The other indictment charges Delehanty with offering a bribe of \$2,000 to Senator Howell Wright of Cleveland for Wright's assistance in securing the passage of the bill.

REFUSE TO DISPLAY POSTERS
Paris, June 6.—American officers at Coblenz it became known here today have refused to display posters advertising the Rhenish republic sent them by French officers. The Americans received a bundle of the posters from the French.

SENATE ORDERS PROBE OF PEACE TREATY LEAK

Also Asks State Department for Text of Pact

[By The Associated Press.]
BULLETIN.

PARIS, June 6.—[By The Associated Press.]—The members of the American peace delegation disturbed by the report that copies of the German peace terms had reached New York are undertaking to check up all the copies issued in order to ascertain if any are missing.

BULLETIN.
PARIS, June 6.—It is understood here that the Berlin government is sending photographically reproduced copies of the peace terms to every United States senator and representative.

WASHINGTON, June 6.—Resolutions asking the state department for the text of the treaty with Germany and directing the foreign relations committee to investigate how copies of the unpublished document have reached private hands in New York were adopted by the senate today without a roll call.

Action Comes Unexpectedly
Action on the two proposals came unexpectedly during a lull in the stormy debate they had aroused, and scarcely a score of senators were in the chamber when, in quick succession, the resolutions were put to a vote. Their passage itself, was no surprise as it generally had been conceded that each would have a majority.

The request for the treaty will be referred by state department officials to President Wilson and Secretary Lansing at Paris and pending a reply no official opinion is available here as to whether the text will be forthcoming.

Under the investigation resolution introduced at the request of the senate subcommittee on the foreign relations committee, it is expected that a far reaching inquiry will begin within a few days. The committee will meet Monday to formulate plans which may include the summoning of members of the American peace delegation. Adoption of the Hitchcock resolution came first, just after the debate had reached a dramatic climax in a clash between Mr. Hitchcock and Chairman Lodge of the foreign relations committee.

Withdraws Request.
After this clash a request by Mr. Lodge that the senate subcommittee resolution drawn by Senator Kellogg, Republican of Minnesota was withdrawn and the question was put on adoption.

The resolution asking for the treaty text introduced by Senator Johnson, Republican of California, then came up automatically under the senate rules and it was disposed of within less than a minute with only a few scattered noes. It had been opposed stubbornly during two weeks of debate by the president's supporters and the general expectation had been that the vote on it would be close.

In suggesting the Kellogg substitute Senator Lodge said the Hitchcock resolution, apparently that his object was to improve the language of the measure. With this Senator Hitchcock immediately took issue, saying the substitute was quite different because it did not name Senators Lodge and Borah, Republican of Idaho, as having made the charges that the treaty is in private hands in New York.

His own proposal, continued Mr. Hitchcock, would show by naming the two senators where the information came from that started the inquiry.

"I am amazed," continued the Nebraska senator, "the position now taken by the senator from Massachusetts. Yesterday he wanted immediate action. Yesterday and the day before he was for this resolution. And now the senator who was so anxious to make statements here about the treaty being in New York wants some one else investigated."

Draws Pointed Reply.
Referring to references that the treaty was in the hands of financial interests Senator Hitchcock drew a pointed reply from Senator Lodge.

"I did not say that," shouted the foreign relations chairman.

"Does the senator question the truth of what I say?"

"No," replied Senator Hitchcock. "But I think we ought to have another investigation to find out what happened during the last twenty four hours and what new light the senators on the other

Six Transports Bring Troops To New York

[By The Associated Press.]
NEW YORK, June 6.—More than 6,000 returning soldiers arrived here today on the transports Santa Ana, Pannonia, Pretoria and Britannia. The largest unit to land was the 144th infantry of the 36th division (former Texas and Oklahoma national guardsmen) arrived on the Pretoria which also brought the 72nd infantry brigade headquarters of the same division.

On board the Santa Ana was the 83rd engineers of the 78th division (New York, Pennsylvania and New Jersey).

The Pannonia carried two transportation companies and the 317th field signal battalion in addition to a number of casuals.

The Britannia brought the 349th engineers service battalion.

The 36th division troops are under orders for Camps Dix, Gordon, Sherman, Taylor, Custer, Grant, Pike, Dodge, Funston, Bowie, Travis and Upton; the 78th division men will go to Camp Upton, Dix and Grant.

The transport von Steuben also arrived with 2,814 troops, including Major General Charles J. Bailey, commander of the 81st division. Among the details on board were the 514th engineers service battalion, 12 officers and 868 men; the 141st infantry (36th division) machine gun company, company F and a detachment of company L; the 52nd engineers, company C, two officers and 237 men, and a number of casuals.

The Madawaska followed the von Steuben, bringing 2,835 officers and men. The principal units on board was the 313th engineers. This regiment belongs to the 88th division (Minnesota, Iowa, Nebraska, North and South Dakota). Another unit on board was the 34th machine battalion, 90th division. Among the officers was Brig. Gen. Henry W. Buttner, commander of the 165th field artillery brigade, 90th division.

Expect Five Transports.
Boston, June 6.—Five transports bringing nearly 9,000 troops are expected to reach this port within the next few days. The battleship New Jersey and men will arrive today.

The Mongolia is expected a few hours later and the Edgar Luckenbach Sunday. The President Grant is due Monday and the Winifred Tuesday night.

The New Jersey has on board the 313th and 314th machine gun battalions, casual company I, 218th infantry and special casual company 872.

MANY DIE OF "FLU."
Seattle, June 6.—One hundred and sixty natives at Bristol Bay and Unalakleet, southwestern Alaska, have succumbed to influenza during the last ten days, according to cablegrams received today by W. T. Loebe of the Alaska division, bureau of education.

side of the chamber have seen.

"You can beat my resolution if you want to. You can put in that vague substitute. But the people of the country won't be satisfied with that kind of an investigation."

Senator Lodge denied that he desired to evade investigation and assured Senator Hitchcock that he would "get all the investigation he desires."

Much Speculation
There was much speculation tonight as to the turn the inquiry may take. Senator Lodge told the senate yesterday that he could not reveal the source of his information about the treaty copies and Senator Borah is understood to take the same view. In some quarters it was suggested that subpoenas might be issued for representatives of any financial interests suspected of having private channels for securing such information. Another opinion was that the inquiry would begin at the other end and would seek to locate first any possible "leak" among government officials or attaches.

In this connection much comment was caused by an Associated Press dispatch mentioned in the senate during the day by Senator McCormick, Republican of Illinois saying it was understood in Paris that the Berlin government was sending copies of the treaty to members of congress. So far as could be learned, no such copies have arrived here.

Senator Borah has announced his intention of making the treaty public as soon as he receives a copy, but he said tonight he had been unable so far to receive one.

Orders Haste In Preparing Reply To Huns

PARIS, June 6.—[By The Associated Press.]—Positive instructions were issued tonight by the council of four to all commissions working on the reply to the German counter-proposals to complete their report by Monday.

There are many evidences of impatience among the prominent members of the peace conference. Premier Lloyd George, because of a division of opinion and differences among the British experts working on reparations, is acting as his own expert and is attending the meetings of the reparations commission. The Italians are showing great uneasiness over the unsettled Adriatic problem as Premier Orlando insists that it must be settled before the Italian parliament meets June 13.

The council of four considered the Adriatic problem today but no decision was reached.

The experts have been meeting constantly and there is a general disposition to wind up differences which a member of the American delegation said would be reconciled speedily altho he admitted that there were three or four vital points upon which the council of four seem far from a decision. In French official circles there is a growing conviction that Germany will not sign the peace treaty and this probably accounts for the haste, delay it is generally conceded, makes Germany's signing less likely.

EXECUTE BOLSHEVIK AGITATOR IN BAVARIA
MUNICH, Bavaria, Thursday, June 6.—[By The Associated Press.]—Levin Nishen the Bolshevik agitator who was one of the leaders of the Munich communist soviet regime, was executed at noon today at Stadelheim, outside the capital. He was convicted yesterday and the Bavarian cabinet refused to commute his sentence, maintaining that he was the cause of the civil war in Bavaria and deserved no mercy.

It seems probable that Levin named above is identical with the Bolshevik leader Levin who has figured so prominently in the press dispatches in connection with the Munich Soviet regime.

Resulting In Unrest.
London, June 6.—The execution in Munich of Levin Nishen is resulting in unrest throughout Germany, an Exchange Telegraph dispatch from Copenhagen says. The majority Socialists are joined a strike movement begun by the soldiers and workers council and executive committees of the Greater Berlin factories which protested against the sentence of the Bavarian communist.

Strikes have occurred in Nuremberg and Munich. A strike at Leipzig has resulted in street fighting. The German government is said is making military preparations in Berlin and elsewhere.

WAR DEPARTMENT TO DISPOSE OF TEXTILES
WASHINGTON, June 6.—More than 5,000,000 yards of textile will be disposed of by the war department thru sealed bids on June 18. The material ranges from a remnant of 58 1/2 yards of black Albert twill to 200,000 yards of blue and white ticking, and includes cotton shirtings, sheeting, sateen, mohair serge, moleskin, grey duck, outing flannel and brown denim.

TO PRESENT WILSON WITH ADDRESS
Brussels, June 6.—The Belgian socialist party has decided to present to President Wilson while he is here an address dealing with the treaty of peace. Last evening's newspapers stated that President Poincare, of France, would come to Brussels following the visit of President Wilson.

TO BEGIN DRAFTING TARIFF LEGISLATION.
Washington, June 6.—First steps toward drafting tariff legislation will be begun Tuesday by the house ways and means committee Chairman Fordney announcing that hearings would be started then to determine what legislation is necessary to protect the American dye industry that sprang up during the war.

ANNOUNCE CREDIT IN ITALY'S FAVOR
Washington, June 6.—A credit of 10,000,000 in favor of Italy was announced today by the treasury, making a total of \$1,481,500,000 for that country and a total of \$9,399,219,124 for all the allies.

OMNIBUS BILL CARRIES LARGE INCREASES

Raises Affect Nearly Every Department in the State

[By The Associated Press.]
SPRINGFIELD, Ill., June 6.—Increases amounting to approximately \$10,000,000 in the omnibus bill for the biennium beginning July 1, 1919, compared with the appropriations of two years ago, affect practically every department in the state, according to tabulations of the measure which was introduced by Representative Smekjel, chairman of the house appropriations committee today just before the house adjourned for the week.

The bill carrying \$28,225,587, covers expenses of the state officers, courts, departments under the civil administrative code, the military department and the school fund.

Appropriations for charitable and penal institutions, state normal schools, University of Illinois and salaries of members of the general assembly and state officers are made in other appropriation acts.

Total expenditures for the biennium are estimated at \$61,000,000 compared with \$50,000,000 two years ago.

This is outside of the \$60,000,000 for good roads and the \$20,000,000 for waterway to be raised in bonds.

Revenue which it is hoped to raise from the corporation and insurance franchise taxes, provided in bills pending in the legislature, is expected to meet the increase in proposed expenditures.

Largest items of increase for the coming biennium are as follows:

Secretary of state, \$499,525; state auditor, \$158,555; attorney general, \$86,500; superintendent of public instruction, \$25,140; department of trade and commerce, \$299,038; public health, \$202,538; labor, \$163,465; registration and education, \$57,742; public works and buildings, \$83,329; and public welfare, \$216,759.

A million dollars appropriated for a "revolving fund" is to be used for industrial activities at state institutions, none of this fund, however, is to be paid from the treasury until an equal amount has been deposited in the treasury from the operation of the industrial activities.

The state supreme court distributive fund is increased \$4,000,000 doubling the total of last year. The sum of \$300,000 is to be used to complete the new century memorial building at Springfield; \$400,000 additional is provided for the construction of a reserve fund of \$500,000 is provided for to take care of emergencies such as influenza or foot and mouth disease epidemics.

For improvements at Old Salem park, \$30,000 is appropriated. Public schools will receive \$12,000,000 for the biennium and the state university \$5,000,000.

VOTE FAVORABLE REPORT ON REPEAL
WASHINGTON, June 6.—Favorable report on the bill to repeal the daylight saving law on the last Sunday in October was voted today by the house interstate commerce committee.

The vote of the committee was ten to eight and was taken after adoption of an amendment to the bill which originally proposed that the clocks be turned back the third Sunday after its approval.

Chairman Eech said that in voting to make the repeal effective on the October date on which the clocks would be turned back under the existing law members were influenced by arguments that serious hardships would result in eastern industrial centers by changing the time in mid-summer.

ENGLAND TO FIGHT AMERICAN PACKERS
LONDON, June 6.—The New Zealand government has received advice from London indicating that Great Britain will back New Zealand to help her fight the American packers, says a dispatch to The Daily Mail from Christchurch, New Zealand. The suggestion is that an agreement be made to sell New Zealand's meat products in London at a certain price. Then adds the dispatch, "If the trust reduces prices, Great Britain and New Zealand must be at it on its ground."

A conference of New Zealand producers, it is added, has been convened to discuss the subject.

Wounded Men Take Part In Field Meet

DES MOINES, Iowa, June 6.—Wounded heroes of European battlefields, some with only one leg or one arm and a few without any legs, today played baseball, ran races and took part in other novel events of a track and field meet at Fort Des Moines which is said to be the first athletic carnival ever held exclusively for wounded soldiers.

When a downpour or rain broke up the baseball game between the one legged men and the one armed men, the two thousand spectators were well satisfied that while the wounded soldiers might be handicapped they decidedly are not downhearted.

The feature of the day was the baseball game which the one armed men won 2 to 1, in three innings, rain stopped the contest. The one-armed men got off to an early lead by some reckless base running in the first inning the opposition apparently expecting them to hug the bases. The first man up knocked out a clean single and then stole second and third and came home when the one armed pitcher made a wild throw.

The one armed men tied the score in the next inning, however, when the men with amputations found fast fielding difficult and won in the third on a succession of safe hits. Because of the fear of injuring some of the patients, an indoor baseball was used. The individual star of the day was D. R. Giboney of Springfield, Mo., who lost a leg in 91st Division's offensive in the Argonne. He won the thirty yard hop for one legged men, finished second in the manual of arms drill, which also was for one legged men and with Ted Raszis of Danville, Ill., was second in the two-legged race for two men, each man having one amputation. He hopped the 30 yards in 6 1/4 seconds.

B. L. Mead of Pittsburgh, Kans., won the manual of arms drill.

A potato race for one legged men, a tug-of-war for shell shock patients, a fifty yard dash for one armed men, a cage ball game, a wheel chair race for men with no legs and a baseball throwing contest for men who had lost their natural throwing arm were other events.

RECEIVES COPY OF KOREAN CONSTITUTION
SAN FRANCISCO, Cal., June 6.—The first copy of the newly proclaimed constitution of the Tahan (Korean) republic was received in this city today and made public by Dr. David Lee, general manager of the Korean national association. The constitution Dr. Lee said was promulgated on April 27 by the provisional cabinet and representatives of the new government at an unnamed city in the north.

The document provides for compulsory education, military training and abolition of titles and other evidences of class distinction.

Article Seven expresses the wish that the republic be admitted as a member of the league of nations.

POLICE CONFRONTED WITH "GANG" MURDER
CHICAGO, June 6.—Joe Doyle, pick pocket, burglar and "strong arm" man, is the latest victim of the underworld strife that for several months has been causing mysterious murders in Chicago. Doyle was shot three times and then thrown from a speeding automobile at North Cicero and Potomac avenues early this morning. He was picked up by the crew of a street car who heard the shots as the automobile flashed by. He died a few minutes later without regaining consciousness and the police are sure they are confronted with another "gang" murder, possibly growing out of the feud which resulted in the killing of Charles Stillwell in Barney Crogan's dance hall several months ago. Doyle and Stillwell are said to have been close friends.

DRIVE INVADERS OUT OF COSTA RICA
WASHINGTON, June 6.—The invading forces have been completely driven out of Costa Rican territory and have taken refuge in Nicaragua, said a cablegram received today by Carlos Lara, Costa Rican representative here.

"No American marines have been landed in any Costa Rican port," declared Mr. Lara in a statement referring to press dispatches saying United States marines had landed at Puntarenas and Port Limon. "There is no reason whatsoever for them to land unless it would be on a mission of courtesy and friendship."

PURPOSE OF MOBILIZATION NOT EXPLAINED
COPENHAGEN, June 6.—A part of the Bulgarian army has been mobilized and is marching toward the Serbian frontier, the Balkan News Agency reports.

Reports that the Bulgarian army was secretly mobilizing on the Serbian frontier have been received in this country several times during the past three months. The purpose of the mobilization was never explained nor have recent despatches indicated any reason for strife between Bulgaria and Serbia. The reported movement of the Bulgarians may have some connection with the peace terms as anticipated in Bulgaria. The Bulgarian treaty has not yet been completed by the peace conference. Bulgarian peace delegates were reported to have arrived in Switzerland several weeks ago.

Will Answer by Friday.
[By The Associated Press.]
Germany will know the decision of the peace conference on her counter-proposals to the treaty by Thursday or Friday of next week, according to the latest dispatches from Paris.

It is understood the allied and associated governments have decided to adopt a middle course as between the fixing of a definite sum to be expected from Germany, a proceeding strenuously objected to by the French as likely to lead to a political upheaval due to the disappointment of the French public, and the provisions of the draft of the treaty handed the Germans, which the latter have declared mean economic slavery.

The reparations to be demanded for certain forms of allied claims will be made known to the Germans, but not all of them, as the only sum for the total losses which the French have declared themselves willing to agree to amounts to a figure the experts declare Germany will be unable to pay.

It is probable the Germans will be allowed some working capital and tonnage for overseas trade with which to earn the sums required of them.

The clauses of the treaty concerning responsibilities, punishment of the former kaiser and the disposition of Germany's overseas colonies likely will stand as set forth in the original draft of the treaty, while a plebiscite in Upper Silesia with regard to the future sovereignty of the district is believed to have been definitely decided upon.

President Wilson, interviewed by a Paris newspaper Friday, declared his conviction that the peace treaty handed the Germans violates none of his principles and conforms in its entirety with his fourteen points.

The statement again is made, this time in Copenhagen, that the peace treaty handed the Germans violates none of his principles and conforms in its entirety with his fourteen points.

Apparently the government of Admiral Kolchak at Omsk will be recognized as the government of Russia, by the allied and associated governments. Kolchak's reply to the conditions imposed upon such recognition has been received in Paris and is understood to be satisfactory.

The Portuguese cabinet has resigned but its members have agreed to retain office until after the visit of President-Elect Pessoa of Brazil.

A CAUSE FOR THANKSGIVING.

The home-coming committee is certainly making plans for a reception program of a worth while kind, one which the occasion well merits. A goodly sum, \$5,000, is to be raised to pay the expenses of this home-coming celebration. At first thought someone may think that this is too generous an appropriation, but it should be understood that this money is expected to come by popular subscription, men, women and children all over the county to have the opportunity to contribute and thus take definite part in the program.

More than a thousand soldiers went into the service from this county, and so more than a thousand homes are directly interested in this home-coming event. It should be and is intended to be, a day of real thanksgiving because "the boys are home" instead of being at the front, engaged in the struggle of warfare as everybody thought they would be a year ago. If the war had continued instead of coming to a close with the armistice of November 11, without doubt scores—possibly hundreds—of the soldiers of Morgan

county would have by this time paid the supreme sacrifice, and be sleeping in the cemeteries on the hills of France.

With this thought in mind there is certainly the occasion for thankfulness, and an abundant reason why the young and old should vie with each other in the effort of making the home coming notable, a day ever to be remembered in the patriotic annals of Morgan county.

APPROPRIATIONS RUN TO BIG FIGURES.

The appropriations of the Illinois legislature may total \$62,000,000. In fact, that will likely be the sum, as most of the appropriation measures have administration backing and good reasons for their passage have already been presented. A few years ago such figures would have sounded like the grossest extravagance but now it is different. The state's cost for doing business has increased in a very decided way, just as is true with individuals.

Increases in salaries of employees in the various departments have been necessary and of course the expenses of conducting the state institutions have increased in an enormous way. Since there is nothing to indicate that prices will anywhere in the near future approach the pre-war figure, the legislature is simply following the course of wisdom in the larger appropriations providing for the business of the state and the care of its wards during the next biennial period.

FROM EDUCATIONAL WORK TO BUSINESS.

The University of Illinois is asking the legislature for larger appropriations than ever before. The management declare that the money is needed in order to retain members of the faculty who are leaving because of the attractive salaries available for them in business.

It has not been an uncommon thing in the past year for a professor to send in his resignation and accept a position with a business firm for which his special training has fitted him. It was during the war period that men with special training had new emphasis laid upon their "commercial" value, and the Illinois university, in common with many other educational institutions is being called upon to surrender to business interests some of its most experienced instructors.

HOW WONDERFUL IS YOUTH.

This is the season of the year, especially in a city like Jacksonville, with its many educational institutions, when those who are older turn back the pages of memory and realize anew what a wonderful thing is youth.

The days of graduation and commencement day exercises are here with music, flowers and fine sentiment that always attend such gatherings. In the public schools, "the college of the people," these graduating events mark for some a milestone in the educational journey, and for others the beginning of active life out in the great world of labor and business. One of older years cannot attend one of these "commencement" events, sense the vigor and hopefulness of the boys and girls, their buoyancy of spirit, without appreciating anew the wonderful educational opportunities that present days make possible—without realizing again that the days of youth are indeed the best days.

The future holds everything for these young people, the possibilities are limitless, and they are ready and willing to go on and forward and attack the problems of the world with a certainty that they will conquer and win. In some cases they will, in other cases there will come disappointments. But at "commencement" time the chances all seem equal and the opportunity which one has, open to all. So it happens that those of older years, as they see and hear the graduates have a clutching at the throat—a certain tremor of the voice—for after years of experience in the ways of the world they really know how wonderful is youth.

Social Events

Surprise Party For Teacher.

The pupils of the fifth grade at the Franklin school planned and executed a most pleasant surprise party for their teacher, Miss Lillian Carter, of 716 Routt street. The boys and girls to the number of twenty went to the home of their teacher unannounced, and several hours were spent with music and various pastimes. During the hours light refreshments were served.

Senior Endeavorers of Christian Church Met.

Members of the senior endeavorers of Central Christian church enjoyed a picnic at Nichols' park Thursday evening. Rippling Rhymes

By Walt Mason

THIS LIFE

I hear the grouch complain, "This life's a total loss; we meet with grief and pain, but joys don't come across. Doomed are our fairest plans, our hopes are in the hole; and men are also rans, who never reach their goal." A guy who thinks like this of course finds life a wreck; how can he sample bliss, who says there's none on deck? How can a man be glad and taste the joyous years, if he makes woe a fad, and lays the dust with tears? Some find this life so gay, with all its glar'ing faults, they hate to pass away, to rest in boneyard vaults. They know the life to come, devoid of tears and woe, will make this life seem bum, and yet they hate to go. And I am in their class; this world seems full of gloom; these days, which swiftly pass, are good enough for me. I am the bully boy who sidesteps useless care; I look around for joy, and find it everywhere. I am the buoyant lad to whom the world seems fine; determined to be glad, I have no use for brine. Is life a tyrant ruder? Is life a thing of bliss? It's all your attitude which makes it that or this.

Knoles' summer suits always give satisfaction.

ROUTT COLLEGE HELD GRADUATING EXERCISES

Class of Twelve Finish School Work—Diploma Presented by Father Formaz.

The commencement exercises of Routt college academy were held last night with an audience filling the large auditorium. The platform and adjacent space had been beautifully decorated with spring flowers which combined with the flowers carried by the young lady graduates, made an especially beautiful floral effect. Rev. Father Formaz presided and at the close of the general program presented the diplomas to the class of twelve. Father Formaz spoke briefly on the meaning and value of education.

There were three numbers by the glee club and all were heard with great pleasure by the audience. Two members of the class presented essays. Miss Maurine Casey had "Mexico" as her theme and presented various phases of the Mexican question in a very enlightening way. Something of the history of the country was given with more particular emphasis laid upon more recent conditions.

The Red Cross furnished the theme for Miss Lucille Sheehan and in a very vivid way she outlined the workings of this great humanitarian organization and gave an adequate idea of its efficiency and strength especially as shown thru the great world war period. The members of the Glee club showed thoro training and the following selections were given in group or at intervals thru out the program:

Lullaby.....Sullivan
My Silver-Throated Pawn.....Learance

On Wings of Song.....Mendelssohn
When Twilight Leaves Beethoven

Equipped for Life's Duties

In substance Father Formaz said in addressing the class: "This is not a time for an oration and I do not intend the simple address I shall make to be so rated, but I do not feel it would be proper to send these graduates away without a few special words. We are sending you as the members of this class out like the twelve apostles. True, you are not to fill just the same place in the world that Christ's apostles did, but you are going out equipped for the duties of life, to meet certain perplexities that must come to all that follow life's journey."

"There are some things that the members of this class do not know. There are some things that the members of this class cannot do, but I do not think that anyone today will make an argument that omniscience is necessary or desirable. There are too many learned rascals in this world. There are too many that have an erroneous idea of education and of knowledge. They forget that education is not the pouring in of knowledge but rather the living out of those qualities that are within. That is the kind of education that you have had here and it is the only kind that is really worth while in life.

"As you go out into the world you must enter into the contest for both physical and moral existence and so the kind of educational training you have had is necessary to equip you for the conflict. Education which does not recognize this fact is but partial. It is insufficient instead of sufficient. "When you come face to face with the things that count you will realize that what is necessary for you in life's conflict is not merely knowledge but the right

principles. There has been too much education of the intellect alone and too little education of the will in this world. There are many schools that still lay emphasis mostly upon marks and the measure of success is whether such and such a grade is met. But I would have you to understand that education is not only knowing but willing, and we have sought to build up here an institution for the education of the will.

Character Counts.

"Those who place children here, relatives and friends of you as graduates, may know that we have kept constantly in mind that the principles of education—the rock bottom underlying—in no knowledge in science but only character. You have had a fine example of the mere education of the intellect during the great war. Germany had education of the intellect—had knowledge of science—but it took Marshal Foch to show them that no man or nation can be rich with the brain only.

"So tonight I take pleasure in presenting these diplomas to you twelve members of the class, indicative of the fact that you have completed four years of high school work. I hope that you may go on thru college, but wherever you go may God's blessing follow you. These diplomas bear record not merely of the requirement of knowledge but because there is something in you of character and training that is worth while if you but maintain and develop those principles. You have completed the work with credit and so I bid you Godspeed along the further journey of life."

The members of the Glee club sang again and then a class song was sung, bringing to a close the very interesting exercises.

The Graduates.

Those who received diplomas are:
Fred Joseph Bergschneider
Norinne Casey
Agnes Bernadette Cosgriff
John Thomas Dempsey
Helen Gertrude Graef
Lucille Maxine Gruber
Margaret Augusta Hagan

HAD PLEASANT REUNION

Mr. and Mrs. J. G. Dowell of Franklin have returned from their visit at Mr. Dowell's old home, Buffalo, Missouri. Mr. Dowell says they had a very fine time with former friends. They had a reunion of the old time pupils with their teacher, Benj. Johnson and a banquet at which each one was called on for some kind of a contribution. One of his boy friends is now mayor of Sapulpa, Oklahoma. Another, James Cox, has amassed large wealth and yet resides in Missouri. He met a former teacher, Charles Curtis, of whom he has a vivid recollection. He says, like most "good" boys he had one glaring fault and that was a propensity to find other places more pleasant than the school room so one day Mr. Curtis took the young runaway and tied his hands to a chair and let him stay there a half day. There was no more playing hooky after that. Mr. Dowell brought home for a visit his niece, Rosie Koehler and yesterday had the little miss in the city showing her the sights, among them Nichols park, which she greatly enjoyed.

"Mrs. Wiggs of the Cabbage Patch"

A PARAMOUNT PICTURE

"Mrs. Wiggs of the Cabbage Patch" shows Marguerite Clark at her best—as the lovable, comical little lady who is "always trying to do things for other people." We won't go into a lengthy dissertation concerning the story's tremendous stage popularity—although we could—but we'll just ask you to come, and see if you don't agree with us that Marguerite Clark in "Mrs. Wiggs of the Cabbage Patch" is the best picture for many a long day.

**PROF. JANSSEN AND
MISS CARSON WEDDED**
Mr. and Mrs. Ensley Moore re-
turned Thursday night from Paw-
nee, Sangamon county, where they
went to attend the wedding of
Miss Helen C. Carson.
The felicitous event occurred
at high noon by the ladies of the
Presbyterian church, of which the
Rev. D. G. Carson, D.
D., is pastor. Dr. Carson is also
stated clerk of the Presbytery of
Springfield.

Promptly at the appointed hour,
appropriate music upon the organ
ushered in the exercises, the cere-
mony being conducted by the
bride's father. The two high con-
tracting parties appeared before
him, without attendant, but in
the presence of a company of
friends well filling the church.
Dr. Carson fittingly said the
service and declared Henry H.
Janssen and Helen C. Carson man
and wife.

After the ceremony a wedding
dinner was served in the church
dining room by the ladies of the
society and it was much enjoyed
by the guests. Then the wedding
party repaired to the manse,
where a delightful social gathering
was enjoyed until time for the
guests to take their train to
Auburn and beyond. There were
quite a number of friends from Dr.
Carson's old charges at North
Sangamon or Indian Point, Men-
ard county and Springfield, to
wish the young people joy.

Prof. Janssen is teaching at
a Madison near East St. Louis,
which will be his residence, altho
his home has been at Springfield.

A MESSAGE TO MEN

Life Insurance has done more to abolish poverty than all the dreams of financiers or the acts of constructive statesmen.

During life it makes a man alive to his moral responsibilities; re-awakens in him love of home and pride of family; teaches habits of industry and thrift; quickens in his veins the corpuscles of ambition; lifts him from drudgery and despondency to a plane whereon dwell his successful fellow men; blesses him with self-respect and heartens him with sustaining hope. After his death, it solves the problem of ages: "What shall become of the widow and the orphans?"

It saves the devoted wife from penury and work; provides shelter, food, clothing and education for the children and spans the dark clouds of grief with a rainbow of security.

When the final hour comes, what thought can so solace the departing soul as to know that those nearest to him will not be left to the cold charity of the world?

An hour's delay may mean an eternity of regret. Protect wife and babies now.—Contributed.

INVITATION MEETING OF GAMMA DELTA SOCIETY

Mrs. Perry C. Thompson Gave Delightful Interpretation of Ibsen's Peer Gynt—Musical Score Played By Misses Bullard and McCurley.

The invitation meeting of the Gamma Delta Literary Society of Illinois College was held last evening, Mrs. Perry C. Thompson presenting a literary interpretation of Ibsen's play, Peer Gynt. Mrs. Thompson was assisted by Misses Ellen McCurley and Virginia Bullard, who played the Grieg Suite for the play.

Two rooms of the Andrew Russell home were filled by friends of the society assembled to hear the rendition. Miss Mary Alexander expressed the pleasure of the society in having Mrs. Thompson to represent them, and presented her to the audience. Mrs. Thompson then gave a short account of the history of the play, and its place in the field of poetry and of thought. She read the first scene, which presents the character of Peer Gynt, and then gave a brief synopsis of the action up to the second act reading the first scene of the act and then introducing the music of the Mountain Hall dance, which follows the scene in the play. In this way the entire play was presented in synopsis, reading and music. The passages for reading were well chosen both from the point of understanding of the play and that of dramatic effect, and the synopses were adequate without being long. Perhaps the error of timing length was a bit too scrupulously avoided, and the hearers would have been glad to have heard Mrs. Thompson's interpretation of several more scenes, notably the scene which includes the mountain dance.

The reader's entrance into the spirit of the various characters was distinctive, and the shades of character and emotion clear-cut. Peer Gynt was a blusterer thru and thru, her Ingrid passionate, her Solveig pure and simple. But the finest shading of the recital was that of the scene between the boastful Peer and the solemn button-molder who comes to claim his life at the end. This, with the welcome of Solveig to the wanderer for climax, was a dramatically presented finish for the reading. Perhaps equally dramatic is the earlier scene presenting the death of Ase, Peer sitting at the bedside, and playing at driving her to heaven in a sled with reindeer shows Peer at his best, and the contrast of his boisterous comforting with the timid words of the dying mother were most effective.

The musical numbers arranged for two pianos, were exceptionally well rendered by Misses Bullard and McCurley. The Mountain Hall dance especially was wonderfully perfect in spirit and ensemble. The dance of the queer creatures of the Mountain Kingdom is more completely interpreted than any of the other themes of the Grieg Suite, and its wild temper lost nothing in the pianists' hands.

After everyone had voted the program most delightful, there was an informal social half hour, and some delicious punch. The society feels grateful to Mrs. Russell and to Mrs. Thompson for the splendidly successful evening.

The program:

Part I.
Act I, Scene I. Norway, Peer Gynt at His Home in the Mountains With His Mother Ase.

Act II, Scene I. Peer Gynt Redundates Ingrid.

Scene II. In the Royal Hall of the King of the Doves—Trolls.

THE BOY SCOUTS.

Aims and Ideals.

The world interest in the Boy Scout Movement challenges intelligent understanding of every one, and yet many people still ask "What is Scouting?" "What do Boy Scouts do?"

The Boy Scout idea is a movement rather than an organization. It aims to supplement existing organizations.

The aim of the Scout Movement is to inculcate character which the essential to success in life, is not taught within the school, and being largely a matter of environment is too generally left to chance, often with deplorable results. The Scout Movement endeavors to supply the required environment and activities thru games and outdoor activities which lead a boy to become a better man, a good citizen.

What Scouting Means.
Scouting means outdoor life and so health, strength, happiness and practical education. By combining wholesome, attractive outdoor activities with the influence of the Scout Oath and Law the Movement develops character. It develops the power of initiative and resourcefulness. It helps boys.

It insures good citizenship. The Boy Scout Movement healthfully and sanely offsets the disadvantages which civilization has caused.

ILLINOIS COLLEGE BACCALAUREATE SERVICE

As previously announced, Chaplain Arthur F. Ewert will deliver the sermon at the Illinois College Baccalaureate Service to be held at Westminster church on Sunday. Altho Mr. Ewert is one of the younger alumni of the College, he has already established a reputation as an eloquent speaker.

The Conservatory will as in former years furnish music for the service. A girls' chorus consisting of the pupils of Mrs. Wilson will sing and the second musical number will consist of a double violin quartet by the pupils of Mr. Krich.

The Congregational, State Street and Westminster churches will unite for this service. The trustees, faculty alumni of the college, alumnae of the Athenaeum and Academy and Conservatory and also the present students of the college will march in the Baccalaureate procession. All of these persons are urged to be at the church promptly at 10:30.

As in former years a vesper service will be held on the campus Sunday evening at 7:15. Four churches will unite for this service, Westminster, State Street, the Congregational and Northminster churches. Chaplain W. H. Marbach will deliver the address at this service. All friends of the College are cordially invited to both services.

May dances on Academy hall lawn today at 4:30, under auspices of Alumna Association. Public invited. Admission 50c.

JOHN STAFF WAS VICTIM OF ACCIDENT.

John Staff is confined to his home on South East street as the result of injury sustained when the horse he was riding slipped and fell on the hard road. Mr. Staff was driving a number of hogs at the time the accident happened. When the horse fell he was caught under it and the bones in one foot were broken and an ankle was badly sprained. Mr. Staff displayed fine nerve as he mounted his horse, rode to the packing plant and outlined some work for the day. Then he rode to his home on South East street and sent for a surgeon.

ANOTHER SOLDIER HOME

A soldier was on the Alton train arriving in city yesterday morning but was not one of the ten mentioned and hastened home on Finley street as soon as the train stopped. He was Henry Arnold, a fine looking young man, 31st regiment field artillery, 19th division. His command went over in June and he says they were taken around to a great many places and saw enormous quantities of French mud but were not fortunate enough to get a chance at the Huns directly.

W. E. Sullivan, president of Eli Bridge Co. was in Jacksonville yesterday on business in connection with the plant which is now being erected for the company.

OVERSEAS SOLDIERS

ARRIVED FRIDAY

Train Ahead of Time Frustrates Plans for Formal Program.

The ten soldiers expected to arrive at 10:15 yesterday morning were to be received in style. The drum corps, boy scouts and cancan girls along with Mayor Crabtree, H. H. Bancroft chairman of the reception committee and others were all in readiness to march down to the Chicago & Alton station to meet the soldiers and give them the greeting they deserve. Those expected were H. Jay Rodgers, William Dewees, John Pate, Thomas Corbridge, Stanley Webster, Elmer Clarkson, Russell Leidy, Paul Spink, Sidney Armstrong and French Forward.

All who promised were on hand and were on their way or getting ready to be on their way when to the astonishment of all and chagrin of the ones who had meant to give the boys such a rousing reception, the train pulled in almost ten minutes ahead of time.

Anxious friends and relatives were there and many affecting scenes were witnessed as parents, brothers, sisters, lovers and friends greeted their dear ones. The procession met the boys one by one as they hastened toward the square and only Jay Rodgers and Russell Leidy lingered long enough to be escorted and they marched with the procession in due style, the observed of all observers and recipients of all manner of honors.

Arriving in Central park about the welcome arch Jay and Russell held an informal reception and their hands were almost shaken off as one after another pressed around to give them glad greeting.

Of course the boys will take the will for the deed and be satisfied that the people meant all right anyway and will feel that they were duly honored.

WHITE HALL HELD SPECIAL ELECTION

Election Called for Extension of Whiteside Park Carried by Vote of 521 for to 52 Against.

White Hall, June 6.—At the special election held here today for the purpose of submitting to the voters the question of extending Whiteside Park at an expenditure of \$5,500 the proposition carried by a vote of 521 for and 52 against.

The election was the result of a donation by Mr. and Mrs. Seth N. Griswold of \$5,500 and the election was really a ratification of the gift. This last best brings the total subscription of Mr. and Mrs. Griswold up to \$15,000 and has resulted in a beautiful park for White Hall.

FORM WORLD LEAGUE AGAINST ALCOHOLISM

WASHINGTON, June 6.—With a view to carrying prohibition to all parts of the world, temperance workers assembled here for the annual national convention of the Anti-Saloon League of America, organized the "world's league against alcoholism."

Four president for the new organization were elected as follows:

Life Jones, London, England;

Dr. Robert Hercock, secretary of the International Temperance Bureau, Lausanne, Switzerland;

Dr. Howard H. Russell, Westerville, Ohio, founder of the Anti-Saloon League and Emil Vander-

velde, Brussels, Belgium. Ernest H. Cherrington, of Westerville, Ohio, was elected general secretary and instructed to open permanent offices for the body in Washington.

Miles Volks of Toronto was chosen treasurer.

Countries expected to be represented in the league were said to be—Canada, Mexico, Japan, Scotland, England, Ireland, France, Belgium, Denmark, Switzerland, Australia, New Zealand, Sweden, Czechoslovakia, and Italy, in addition to the United States.

GREEK MONARCH DECORATES NURSES

ATHENS, Thursday, June 6.—King Alexander today conferred the medal of military merit on a number of Red Cross nurses for their work in fighting the Typhus epidemic in Macedonia. Among them was Miss Alma Hartz, of Davenport, Iowa.

The king made a brief address to the nurses thanking them for saving the lives of a great many Greeks who returned from Bulgaria after the armistice was signed.

FAMED THEATRICAL MANAGER DIES

NEW YORK, June 6.—Frederick Thompson, theatrical manager and famed thruout the country as creator of Luna Park, Coney Island and Toyland at the San Francisco exposition, died here early today. Mr. Thompson accumulated a fortune in various amusement ventures, including the Hippodrome in this city. He lost heavily in promoting the Toyland concession at the Pacific Exposition and only recently the merchants of Coney Island tendered him a benefit when arrangements were made for him to re-enter the amusement business.

WILL SPEND SUMMER IN WEST.

Miss Anna English of the faculty of the Jacksonville high school, will leave today for Carney, Neb. Miss English will take special work at the university there during the summer months. This will make the fourth year at the same institution.

GUESTS OF RELATIVES IN WAVERLY.

Mrs. E. J. Funk of this city went to Alexander Thursday to be a guest at the home of her daughter, Mrs. Ernest Strawn. On Friday Mrs. Funk and her daughter went to Waverly to visit at the home of Mrs. Funk's son, Hilliard Funk and family.

Mrs. Nannie Matthews has returned from an extended visit with her son, Newton Matthews, in Chicago and is now with Mr. and Mrs. William Barr Brown at the Alexander apartments.

CERTIFICATES AWARDED AT DAVID PRINCE SCHOOL

Class of 110 Ready for High School Work—Program One of Unusual Interest.

A class of something more than 110 received certificates at the annual certifying exercises of the David Prince high school Friday afternoon. The audience completely filled the large study hall and the program was of a kind to win the interest and approval of parents and friends. It is proper to say that the program gave complete indication of the excellent work that the junior high school is doing under the direction of Supt. Perrin and Miss Laura White, the principal. The musical numbers furnished a pleasing variation, the chorus selections being directed by Miss Hopper, who is in charge of the musical department of the public schools.

All of the recitations or essays presented had to do with forestry. The subject was presented in a broad way and also localized. In fact, the music was suggestive of the general theme. The forestry subject was so presented that the audience gained an idea of the line of study the boys and girls have followed out and the program really presented a very interesting symposium of information on this broad question which is the basis for one of the important departments of governmental work.

At the conclusion of the program the certificates were presented to the members of the class by Supt. Perrin on recommendation

of Miss White, the principal of the school. Mr. Perrin spoke only briefly to the boys and girls, expressing the hope that as they appreciated the school advantages which the people of Jacksonville made possible, for them, that they would go further in making clear that appreciation by pressing on still further. He said that the record of the past was written and that the object of those receiving certificates should now be to look forward to the future and to earnestly desire to make the best of it.

Mr. Perrin expressed the hope that the boys and girls would appreciate the dignity of work of every kind—the necessity in the world for all classes of work. He said that while there was need for professional life, that there must be farmers and merchants and workers with the hands, for it is by the general contribution of workers that the right conditions of society are maintained. The program for the afternoon, together with the names of those who received certificates, are given herewith:

HOME COMING PLANS ARE RAPIDLY SHAPING

EXECUTIVE COMMITTEE HELD ANOTHER CONFERENCE

All County Will be Asked to Contribute to \$5,000 Celebration Fund—Finest Decorations Ever Are Promised—Pageant Parade to be Big Feature—Fireworks For Day and Night—Varied Program of Entertainment.

The executive committee for the soldiers home-coming held another session Friday afternoon at the Ayers National bank with Chairman E. E. Crabtree presiding. At that time the general program was outlined more in detail. It can be safely put down that July 4 will see a celebration here surpassing anything of the kind attempted in many years.

The city will be decorated in a most elaborate way. There will be a monster parade, a dinner for all the soldiers of the county, entertaining programs at Nichols park and on the public square. It has been decided to raise a fund of \$5,000 to pay the necessary expenses for this Fourth of July celebration which is really a thanksgiving service for the return of the soldiers from army service—a reception which the people will give to let the "heroes" know that they are "welcome home."

To Duplicate Red Cross Plan

Furthermore, in the raising of this fund of \$5,000 it is expected that men, women and children thruout the county will contribute to the fund just as they have done in Red Cross campaigns. In fact, the solicitation for the funds in accordance with the plan mapped out by Henry Frisch, who is chairman of the committee on finance, will be practically a duplicate of the Red Cross plan. In other words, there will be a quota for each precinct of the county, with captains and workers, and all the necessary organization not only for the raising of the fund but to give everybody an opportunity of having a part in it. In this way it will be possible to raise this generous fund, which will make sure a worth while celebration and still the financial burden will not rest heavily upon any individual.

Lloyd Reid is chairman of the decoration committee and in conference with the executive committee yesterday gave assurance that there would be decoration of a kind and elaborateness wholly in keeping with the importance of the day. A contract will be made with a city decorating firm for the necessary materials and under Mr. Reid's supervision the work will be carried out.

Monster Parade is Planned

For the parade Frank Ploner as chairman has been promised an ample assistance and this will be a pageant of great length and beauty. It is proposed to have four or five bands, the Patriotic drum corps and other musical organizations. There will be floats with out number and school children decorated in the national colors, will have their conspicuous part. Of course it is expected that the soldiers of Morgan county in whose honor the day's events have been planned will themselves form the most imposing part of this parade. After traversing the line of march in the business district beginning at 11 o'clock in the morning the pageant will move to Nichols park and a chicken dinner will be served to soldiers while their relatives and friends enjoy basket dinners.

There will be day fire works as well as the night program and Charles F. Ehne, chairman of the fire works committee, told his associate workers yesterday of the various features which can be made available with the fund placed at his disposal. There are fifty nine Morgan county soldiers who sleep beneath the sod in testimony of their connection with the war and a special bomb will be fired into the air sometime during the afternoon in honor of each of these heroes. The bomb is of a kind with a parachute attached which as it falls thru the air to the earth unfurls an American flag. This will be one of the most impressive of the features of the great day's program.

The Night Program.

At night in addition to fire works program at Nichols park there will be a special program of entertainment on the public square. There will be a band located at each of the four corners. Platforms will be erected for dancing unless the surface of the square, after it has been thoroughly swept and cleaned, proves smooth enough for this feature of entertainment. It is possible that there may also be vaudeville attractions. At any rate on the public square on the night of July 4th the people will have the opportunity of taking a full part in a generous program of entertainment.

These are only some of the good things that the members of the committee have definitely planned, and as indicated in the beginning, it can be set down with safety that the Home-coming celebration will be one wholly worthy of this county—a kind to give definite assurance to the returning soldiers that the home folks are proud of them.

NOTICE

Sealed bids will be received by the County Commissioners of Morgan county, Ill., at their office in the County Court House, Jacksonville, Ill., until the hour of 12 o'clock noon, Saturday, June 7th, 1919, for the construction of five concrete bridges. Each bid must be accompanied by a certified check for 5 per cent of the amount of each bid and filed with the county clerk. The commissioners reserve the right to reject any or all bids. For information, address L. V. Baldwin, county superintendent of highways, Jacksonville.

ILLINOIS COLLEGE NOTES

The annual oratorical contest will be held in the Jones building Saturday evening at 8:00 o'clock. The contestants will be Jasper Underwood, Emil Wells, Joel Crouch, Henry Best and Homer Thompson. Friends of the college are cordially invited.

Mr. Thomas L. Fansler of Philadelphia is expected to attend the meeting of the board of trustees on commencement day.

All commencement guests and friends of the college are invited to the reception at President Rammelkamp's in honor of the graduating class Tuesday afternoon.

The Alumni reunion and luncheon Wednesday noon is to be in honor of the Illinois men who have been in the service. A large number of these boys plan to return for the commencement festivities. A few such as Karl Hill and Oscar Thiebaud have returned recently. Edgar Decker who was wounded at Chateau Thierry arrived in town Friday. Wilson Akers who saw severe service with the Rainbow division also plans to return. Many of these men will doubtless be back for the Society Love Feasts Tuesday evening.

The usual Osage Orange Day picnic will be held on the campus at 5 o'clock Monday. Friends of the college are expected to bring their own luncheons, but the college will provide free coffee for all. Arrangements have been made so that ice cream may be purchased on the grounds.

Raymond Robins, who is to deliver the commencement address, will arrive Wednesday morning. Great interest has been manifested in his coming and a large audience is expected at the commencement exercises Wednesday morning.

The College library has recently received a copy of "The Illinois and Michigan Canal" by James W. Putnam '94, professor of economics at Butler College. This book is volume No. 10 in the collection of the Chicago Historical Society. Dr. Putnam was formerly professor of history at Illinois College.

defeat Philadelphia in the opening game of the series today 6 to 5. The score:
Philadelphia 000 004 001—5 7 3
St. Louis 040 000 002—6 11 1
Batteries—G. Smith, Hogg and Adams; Tuero and Snyder.

Pittsburgh, 7; New York, 1.
Pittsburgh, June 6.—The New York team was defeated today by the Pirates 7 to 1, mostly thru the effective pitching of Adams. Three of the visitors hits came in the second inning when they scored their only run. New York used four pitchers in an effort to stop the home team's batting, but all were hit hard and timely. The score:
New York .010 000 000—1 5 3
Pittsburgh .003 120 01*—7 11 1

Batteries—Pfeffer and Krueger; Fisher and Wingo.

TRIALS GIVE SMALL LINE ON CONTESTANTS
CHICAGO, June 6.—Trials held today in only three events for tomorrow's Western Conference track and field meet gave small line on probable winners. The track was slow due to rain today and the surprise was McMahon, of Nebraska, who won the third heat of the 440 yard run in 49 4-5, twenty yards ahead of his nearest competitor. Other trials were in the 880 yard run and the javelin throw.

Chicago and Michigan used few men in today's trials, and as a result predictions on the results tomorrow leave Michigan, Chicago and Illinois as probable outstanding schools.

A LONG JOURNEY.
Walter E. Brown, son of John Brown of this city, has started from his California home for Illinois by auto and hopes to reach Jacksonville in twenty days.

FIGHT TO BE HELD RAIN OR SHINE

TOLEDO, O., June 6.—Jess Willard and Jack Dempsey will meet in their heavyweight championship contest here July 4 whether there is a clear sky or a driving rainstorm. Tex Rickard, promoter of the contest made this announcement tonight in denying reports that the contest might be postponed until the next day because of inclement weather.

"All talk of postponement is idle," Rickard said. "There will be thousands of persons in Toledo from every part of the country and to ask them to stay over for another day would be imposing an undue hardship. It is possible the contest may be delayed an hour or two, but it will not be postponed."

Rickard announced that altho the contest is a month away, the advance sale had reached the astonishing total of \$300,000. This indicates, it was said, that the total gate receipts will exceed \$500,000.

It became known tonight that Willard is after Clay Turner, the Indian light heavyweight, Harry Greb of Pittsburgh and Bartley Madden, another light heavy to work with him. The champion intended to do five miles on the road this morning but covered seven miles before reaching home. In the afternoon he boxed six rounds, three each with Jack Hempel and Walter Monahan, worked with the pulleys and wrestled.

A DAMP EXPERIENCE.

This afternoon a gentleman was riding to town in his auto and as he approached the creek it was several inches over the roadway. As he was feeling his way along a huge carp weighing he thinks, at least eight pounds, was floundering in the shallow water near by and he was so intent on watching it that he didn't pay attention to his car and ran into the ditch. As he was working the machine another gentleman came along and went to the assistance of the unfortunate traveler but the latter told him to land that big fish. The man went after it and gave a big kick at it to throw it on land but instead he kicked too hard and fell back into the water. Some wheat was growing near by and the first named man proposed they try their luck bagging some of the big fish plainly to be seen and they went into the field but they had nothing except a wrench and chain with which to strike and the fish were too low in the water and so they failed to get any though they saw a number of large ones.

Returning to the road they got the car from the ditch and reached the city without further incident. The first named man told the story and his veracity is unquestionable.

A HANDSOME TESTIMONIAL

Rev. G. W. Randle has received from his son Manson a handsome testimonial which will surely be prized. It is in the form of a diploma and is signed by Major General Geo. Bell, Jr., commander of the 33rd division. It recites the fact that the young man, according to reports of his regimental commander, showed great gallantry and courage and splendid performance of duty at Grossaire Wood. It says: "Your conduct on that occasion has afforded me genuine gratification and I have accordingly directed that your name and action be inscribed on the roll of honor of the Prairie Division."

LOYAL TO SOLDIERS.

George Lukeman, who traveled from Chicago to Springfield Thursday, says that at nearly all the small towns soldiers alighted and were greeted with great enthusiasm by large numbers, but when they reached Bloomington a squad left the train and nobody was there and the same thing happened at Springfield, which led him to think that the small places are more loyal than the large.

In practically all offices men have so arranged that there is the least possible inconvenience during hot days—by installing suitable electric fans.

Women have their work to do. Make it as easy for them as you can! A fan in the kitchen, in the sewing room, the sitting room, bedroom—a fan will do it, and the cost will be insignificant when compared to the saving in strength and the comfort had.

There are specially made, light, readily movable fans—a fan for every need.

Come in and talk the matter over with us. Be ready for the hot days and nights when they come, as they surely will.

SEVENTY-SIX GRADUATE AT JACKSONVILLE HIGH

Large Class Received Diplomas—Address By Dr. R. E. Heironimus—Diplomas Presented By Supt. Perrin

Another year has closed in the history of the Jacksonville high school and a class of 76 young people have been aided in preparation for the battle of life and last night at the David Prince building their diplomas were awarded them in the gymnasium. To the inspiring strains of a march by Alexis Hollander ably rendered on the piano by Miss Clara Smith the class marched in and took their seats after which Rev. W. K. Leslie offered an earnest prayer. A vocal solo by Chanson Treador, Bizet was sung in a fine manner by Lindley Williamson, Miss Martha Priest accompanying, after which Supt. Perrin introduced the speaker of the evening. His theme was "The Enlarging Scope of Public Schools." Of his extended address a short outline is given:

"There are two outstanding developments of education in the country in the last generation. The higher educational institutions have largely increased; there are 24 colleges in the state federation of colleges trying to learn and know what is best to study and how to do it while Normal schools have grown from one to five.

"In Illinois there are three great universities while the east prides itself on its many similar institutions one of them 300 years old.

"Then there has been a great growth in secondary education, that is the high schools which are a part of our rich heritage.

"There enrolled in Illinois high schools, "In 1882, 11,000 pupils. "1902, 22,000 pupils. "1912, 40,000 pupils. "At present, 111,900 pupils.

The Value of Education. "One reason for this is the fact that people are more and more realizing the value of education and when a wiseacre says the schools are no good and refuses to send his children the law says he must. Hawthorne said he didn't want to be a lawyer to live off of people's mistakes; nor a doctor to live off of their diseases nor a preacher to live off of their sins and he might have added a teacher to live off of their ignorance so after trying various things he became a successful writer.

"The school should help all pupils to be better prepared for the duties of life. I hope the time will come when there will be but one language in the world but we can hardly ask it to be the English only. We believe that every young person in city or country; rich or poor should be taught something that will help them make a living. There is more and more demand for educated persons able to use both head and hand.

"Time was when it was thought that useful education was acquired at home; that at school the three 'R's' were enough but now the demand is for much more. Many used to think children needed to know no more than their parents but now it is different. But now greater demands are daily laid on the schools and the need is for better equipments and better paid teachers and schools adequate to the needs of the times. These demands will be made and they cannot be ignored.

"Then we must devote more time to matters which have been ignored heretofore. There are many pupils in schools who have

in them the seeds of disease and we need medical examinations. We must look into the general conditions. Ask any person about the conditions in this city and he will assure they are decidedly the best in the state and will insist on it. I ask him for a bill of particulars. Are the answers all right? What about your water works (laughter). One city I knew had good water but no works and another had good works but no water. But conditions should be remedied.

"It is easy to plant trees, to adorn public places with flowers and make pretty lawns and flower beds; to have nice things which people will praise but it is far more prosaic to lay ugly iron pipes out of sight in the ground and construct a sewage disposal sewer so that the city would be well supplied with water and drainage but which is the more to be desired? We need to exalt the common things of every day life. In Decatur 300 boys have been organized with brooms and dusters to go about and clean up the city and they have done it and they were complimented with an excursion to Champaign and made merry on the college campus.

Need of Playgrounds. "It is not enough to amuse the children at school; they must be taught. The burning need is of wholesome, supervised playgrounds and recreation. Boys do not go astray when busy. In this matter the schools can help; the city council, the board of education, the churches, clubs and all organizations. The war has taught us all to work together. In leisure, collections and altruistic organizations. We have done what a few years ago would have been called impossible. We should establish schools to make a better community to enrich the common life and scope of the schools should be enlarged with the passing years.

RETURN VERDICT IN SPENCER SUIT

Jury Finds in Favor of Complainant, Fixing Damages at \$2,000—Other Orders Made—Court Adjourned Until Monday.

The jury which heard the evidence in the suit of Elizabeth Spencer, executrix, vs. Jacksonville Railway & Light Co., yesterday afternoon brought in a verdict in favor of the complainant, fixing the damages at \$2,000. The court was then adjourned by Judge Jones until Monday. It will be remembered that the late John Spencer was struck by street car on South Main street one Sunday some months ago, as he was on his way to Brooklyn church. The accident happened near Anna street. In the suit of Clarence Preston vs. Jacksonville Railway Co., motion made by the defendant for continuance was overruled. In the partition suit of Charles H. Hayes vs. Albert R. Hayes, et al., the decree for partition was allowed and commissioners appointed.

S. S. CONVENTION DELEGATES RETURN

Morgan County Representatives Return From Rock Island Convention—1920 Meeting Scheduled for This City.

A number of the Morgan county delegates to the state Sunday school convention at Rock Island returned yesterday. The delegates who went from Jacksonville and vicinity were C. O. Bayha, C. H. Story and G. L. Mathis, Jacksonville; W. H. Crum and daughter, Miss Wilma, and Mrs. John Guy, Litterberry; Mr. Gallaway, Chapin, Rev. A. E. Powell, W. H. Fitzsimmons, Woodson.

As was noted in the Journal of Thursday, the local delegates were able to secure the 1920 convention for this city. This will mean that more than a thousand delegates will be in the city for several days. This is the fourth time that Jacksonville has been chosen as the convention city, the conventions of 1863, 1876 and 1890 have been held here. There were approximately 1,200 delegates at the Rock Island convention and the program was one of the best in the history of the state organization.

DEMENTED WOMAN COMMITS SUICIDE

Mrs. Ida Slater of Barry, a Patient at Maplecroft, Throws Self Under Wabash Freight Train.

Mrs. Ida Slater, a patient at Maplecroft Sanatorium, was cut to pieces Friday afternoon at 2:40 o'clock when she threw herself in front of an East bound Wabash freight train just west of Finley street.

Several persons were near the scene at the time and police headquarters was notified and Chief Kiloran went to the scene with Coroner Rose, J. A. Vasconcellos, and Glenn Howard, of the Gillham undertaking parlors. Pieces of the body were strewn along the track for quite a distance and the only mark of identification was the name of the dead woman in one of her shoes.

The train was fast freight No. 95, carrying refrigerator cars with meat. It was in charge of Conductor Ed Sarsfield, Engineer C. M. Meats, Fireman S. Springer and brakeman Ridgely all of Springfield. According to Engineer Meats, the train was running about 30 miles an hour and the woman without warning threw herself in front of the engine.

The body was severed across the abdomen, both legs were cut off and the head was badly crushed. Chief of Police Kiloran notified Dr. Dollear and he in company with Vincent arrived before the remains were removed. Dr. Dollear partially identified the body and the identification was substantiated by the name in one of the shoes.

The remains were removed to the undertaking parlors of W. W. Gillham and prepared for burial. Coroner Rose secured in addition to the train crew, the names of Belle Fanning, 343 North West street, Emma West, 913 North Diamond street, Nellie Lair, corner of Pine and Railroad streets; G. Cook, Maple street; G. Tindick, Route One, who will appear before the jury as witnesses this morning when the inquest will be held. The woman was engaged in picking strawberries in the vicinity of the accident.

Deceased was a native of Barry and was born in that city 48 years ago. She was a widow, her husband having preceded her in death 19 years ago. For more than a year she had shown signs of being deranged and suffering from despondency. While on a trip to Colorado about a year ago with her daughter it is said she talked of committing suicide. It is said that her father also was declared insane.

She came to Maplecroft in September, 1918 and had apparently responded to the treatment there. For the past three months she had been allowed the freedom of the grounds and it seemed that she could soon be sent home entirely recovered.

Friday morning two young ladies from Barry called to see her and she appeared to be in unusually cheerful spirit after they left. Within a week her physician from Barry called on her and was pleased with the apparent improvement.

Mrs. Slater came from one of the well known families in Barry, her maiden name being Ida Churchill. She is survived by one daughter, Miss Dorothy Slater, who is a student at Macomb Normal. She has been notified and expected to arrive in Barry last night and probably will come to Jacksonville today.

The point at which Mrs. Slater committed suicide is within fifty feet of where another woman was killed by a train about three years ago. It is also near the Spaulding Crossing where five persons met death in 1915.

MEETING AT THE CONGREGATIONAL CHURCH

There was a fine gathering at the Congregational church last evening in the interest of the proposed addition to the plant.

First came a supper prepared and served by the young women's guild who did most admirable work in the quality of the good things offered which were simply superb, and the excellent manner in which it was served. Mrs. W. B. Young is president of the guild and the supper committee were Mrs. Eugene Keefe, Mrs. H. L. Caldwell and Mrs. Wallace Carter. More than a hundred were served and all were loud in their praises of the feast.

After the supper Rev. W. E. Collins called the meeting to order and after a hymn and prayer H. M. Capps was called to the chair. Rev. Frank Ward, dean of the Chicago Theological seminary, was introduced and delivered a fine address on religious education dwelling on the means necessary to accomplish the all important object among which

was a suitable church plant.

W. C. Jones, architect, was down from Chicago and explained the proposed plans and answered many questions propounded to him on the subject. There was much enthusiasm manifested and indications point toward a successful termination of the project.
